By a decision of the CSO in December 2002, the mandate of the group was prolonged and revised, and the group was transformed into a permanent working group, integrated in the structure of the Barents Euro-Arctic Council. The work of the WGYP is based on the Plan of Action adopted at the Conference of Ministers responsible for Youth Policy in the member states of the Barents Euro-Arctic Council, Tromsø 14 -16 of May 2001.

The aim of the Conference was that young people, policymakers and researchers met together, discussed and worked out a common policy on how to make the Barents region attractive for young people and how to use young people as a resource and a driving force of the socio-economic development of the region.

The first day of the Conference featured a Youth Meeting which gathered young people from the Barents region. Their discussions according to the aim of the Conference resulted in youth proposals to the officials.

Researchers and experts of youth policy in the Barents region reviewed the current situation and tendencies in their keynote reports “International experience of youth cooperation” and “The role of youth in social-economic development of Barents Euro-Arctic region on example of oil and gas sphere”. The work of the Barents Regional Youth Council and Barents Youth Cooperation Office was presented. The youth representative appealed to the audience with the Declaration from the “reAction” event in Archangelsk.

The participants of the Conference shared their views, exchanged experiences and developed suggestions during discussions in working sessions: “Mutual understanding among the young people of Barents region”, “Involvement of young people in socio-economic development of the Barents region”, “Youth participation and role of youth organizations in the development of society.
